Coach Bob Wylie

Last year's clinic attendees included representatives from 156 Colleges, 118 high schools, and from 36 different states, and two countries. The clinic provides a convention like meeting place for offensive line coaches before and after the clinic. This has become a great place to network with other coaches

Dear Coach,

The Annual Offensive Line Clinic will be held May 14 & 15, 2010 at the Millennium Hotel in Cincinnati, Ohio. The Clinic has been a tremendous success since it's inception. The schedule for the clinic is enclosed, it is two days of non-stop football with presentations of some of the greatest minds in college and professional football today.

The clinic was designed to cover basic offensive line play, fundamentals, and techniques with emphasis on the Run Game and Pass Protection. You DO NOT need to be an offensive line coach to attend this clinic. Topics discussed will have valuable application to coaches of any position, offense or defense. Start Making plans to attend this year's clinic May 14 & 15, 2010.

Sincerely

Bob Wylie

Offensive Line Coach/Denver Broncos

---

The list at this point is as follows. Please note the College Guys go Friday Night, and the NFL Guys go on Saturday:
